The Owensboro Messenger of Sunday says:

That not less than eighty-five per cent. of the tobacco growers of Davies, McLean, Ohio and Hancock counties will pool their tobacco crop this year is the prediction of officials of the Farmers' Co-operative Tobacco Growers Association.

## CAMPAIGN FOR HONEST ADS—JOHNSON'S ACT

Washington, Aug. 7.—Retail merchants of Washington began their campaign for honest advertising in the District of Columbia to-day, under provisions of the act advocated and passed by Representative Ben Johnson. The first arrests on charges of dishonest advertising were made. A prominent men's furnishing house being the first to feel the effects of the Johnson law.

Representative Johnson advocated the honest advertising law and his bill was supported in its passage by the retail merchants of the Capital. The Johnson law went into effect in May and representatives of the Merchants and Advertising Clubs have been gathering evidence for several weeks against merchants who were believed to be selling goods that were not as advertised. The honest ad law is one of the several reform measures passed at this session of Congress through efforts of the Fourth district Congressman, who is chairman of the House Committee on the District of Columbia. Chief among the other measures was the Juvenile Court law.
